- If appropriate, request them to try to avoid any social media updates until the exact circumstances are known.
- **Keep a record of all calls, and what was said on the calls.**

8. ACTIONS IN THE EVENT OF AN EMERGENCY ON A SCHOOL TRIP

Guidance on Emergency Procedures

- Establish nature and extent of the emergency.
- Make sure that all other members of the party are accounted for and safe.
- If there are injuries, establish their extent and administer first aid (if you have been trained or feel capable - but be aware of consequences that might follow were you to give incorrect treatment).
- Establish names of the injured and call relevant emergency services.
- Advise other party staff of the incident and that emergency procedures are in operation.
- Ensure that an adult from the party accompanies casualties to hospital or if on your own you go with the injured pupil(s); the Emergency Services will look after the rest of the party until another member of staff arrives.
- Ensure that the remainder of the party are adequately supervised throughout and arrange for their early return to base.
- Arrange for one adult to remain at the incident site to liaise with emergency services until the incident is over and all children are accounted for.
- Control access to telephones until contact is made with the Headmaster, Deputy Head or Bursar and until they have had time to contact those directly involved. Pass full details of the incident (name, nature, date and time of incident, location of incident, details of injuries, names and telephone numbers of those involved, action taken so far).
- Telephone numbers for future communication; identify alternate telephone numbers (in case telephone lines become jammed).
- The school will arrange to contact the parents of those involved. In serious incidents the parents of all party members should be informed.
- Media:
 - A designated person should act as the point of contact with the media to whom all involved should direct questions.
 - Under no circumstances should the name of any casualty be divulged to the media.
- The Party Leader should write down as soon as practicable all relevant details. A record should be made of any witnesses. Any associated equipment should be kept in its original condition.
- Legal liability should not be discussed or admitted.
- All accident forms should be completed and insurers and HSE or Local Authority inspectors should be contacted.
- Inform parents of any delays that will be necessitated.
