1. POLICY STATEMENT

Dorset House School needs to create and maintain accurate records in order for it to function. The policy for managing records at Dorset House School has been drawn up in conformity with legislation and regulations affecting schools.

In this policy, "record" means any document or item of data which contains evidence or information relating to the school, its staff or pupils. Some of this material, but not all, will contain personal and sensitive data concerning individuals.

All records will be kept within the recommended retention period (see Appendix 1) unless there is a legal obligation to retain beyond that time period.

2. PUPILS' RECORDS

A file is kept on each pupil in a secure cabinet in the school office. The file holds the registration, admission and acceptance forms, the parent contract and the academic record of a pupil as he or she progresses through the school. It will also include reports of conversations between parents and members of staff about academic or pastoral issues, school reports, references from previous schools and references sent to senior schools. It will record disciplinary sanctions imposed on a pupil. The record identifies those with parental responsibility for the pupil and any court orders affecting parental responsibility.

The information held on the school's electronic management information system (MIS), Engage, covers: the pupil's name, address, House, emergency contact details, academic performance, subjects studied, extra-curricular activities and daily attendance. Access to the MIS is password protected.

3. PUPILS WITH SPECIAL EDUCATIONAL, WELFARE OR MEDICAL NEEDS

The names of pupils with special educational, welfare or medical needs are recorded and any special provision to be made for individual pupils are made available to those staff who need to know that information.

4. MEDICAL RECORDS

A confidential medical record on each pupil is kept securely in the surgery by the Matron. The medical record contains: the medical questionnaire that the parents completed when their child joined the school, and records of all treatment and immunisations that a pupil receives during his or her time at the School, including records of all accidents and injuries to the child. They include any significant known drug reactions, major allergies and notable medical conditions. This information is available to staff who are likely to administer medication or treatment. The Catering Manager holds details of pupils with food allergies.

The school's MIS identifies any pupils with a medical or chronic condition, via a flagging system, so that staff are aware and can obtain further information if/when required, for example if the pupil is attending a school trip.

5. SAFEGUARDING FILES

The school's records on child protection are password protected and saved in a designated area on the School system accessible to the Designated Safeguarding Lead (DSL) and deputy DSLs only. Paper files are kept locked in the DSL's office, and are separated from routine pupil records. Access is restricted to the DSL and deputy DSLs including the Head.

Where a pupil leaves the School, the DSL will ensure that their child protection file is transferred to the new school (separately from the main pupil file) as soon as possible. The DSL will ensure secure transit and obtain confirmation of receipt. The DSL will retain a record of the child protection file in case of any historic safeguarding concern.

6. FINANCIAL RECORDS

The Bursar and Bursar's Assistant holds secure financial records on all pupils throughout their time at the School. These cover: a record of the deposit, the acceptance form, bills for tuition fees and extras throughout a pupil's time at the school. The Bursar and Bursar's Assistant also hold secure records of any bursary applications, awards and annual assessments.

The Bursar and Bursar's Assistant hold supplier records including bank details. All financial records are kept securely in an office that is locked when no personnel are present.

7. ACCESS BY STAFF

All teaching and school office staff are able to access the school's password protected MIS where it is necessary for their role. Teaching staff may consult the pupil records held in the school office. They also have access to relevant electronic records. Access to full medical records is restricted to the selected staff. Access to financial records is restricted to the Headmaster and the relevant Bursary staff.

8. DATA PROTECTION/PRIVACY POLICY

Parents accept a place for their child at Dorset House School in the knowledge that data about pupils and their parents will be collected periodically and stored and processed in order to allow for the efficient operation of the school in line with the Data Protection Act 2018 (as amended or superseded).

9. ACCESS BY PARENTS AND PUPILS

Dorset House School's Privacy Notice/Data Protection Policy describes its duties and obligations under the Data Protection Act 2018 (as amended or superseded), including parents' rights and the rights of pupils aged 13 or over to have access to their personal data. It also covers the circumstances under which data would be disclosed to a third party.

10. STAFF TRAINING

New staff are given training regarding data protection and accessing and managing school records (including the MIS), as part of their induction to Dorset House School. Staff are provided with training updates regarding data protection and in particular the security of personal and sensitive data.

11. RECORDS OF PAST PUPILS

We keep all records of past pupils until a pupil is 25 years old. At that point, the pupil file is securely destroyed unless there has been a safeguarding concern (see section 5). We only retain contact addresses, phone numbers and emails for our alumni organisation.

12. STAFF RECORDS

The school maintains records of personnel relating to employees qualifications, experience, length of service, salary levels, medical questionnaire, disciplinary notes, grievance notes, right to work in the UK and all other required statutory documentation. All documentation is kept in secured filing cabinets and restricted areas of the network. All material is kept securely after employment has finished so that references can be written.

Access to staff records is available only to those where it is necessary for their role, including the Headmaster, Bursar and Bursar's Assistant as well as Line Managers where applicable (e.g. appraisal and training records etc.). Only relevant information necessary for processing salaries is passed to the external payroll company.

APPENDIX 1 – TABLE OF RETENTION PERIODS

Except where there is a specific statutory obligation to destroy records, these retention periods should not be prescriptive. Figures are not intended as a substitute to exercise of thought and judgement. Specific advice, depending on the circumstances, may be appropriate.
